I, the student, _____ understand that I am responsible to act in a safe and responsible fashion and obey requests to comply with safety regulations as directed by the designated leaders and drivers. I will be responsible for myself and will wear a seat-belt and not distract the driver when going to or from events. At sports events/functions, I understand it is my responsibility to obtain and wear suitable safety equipment. Parents / Guardians of the Student:

- Transportation:
 - o While Knexions Church prefers that, when possible, either volunteer ministry personnel with a minimum five years driving experience or a professional chartered transportation company will be used to transport students to and from offsite events, this is not always possible for a number of reasons. So, in order to continue to have the youth program run with a variety of activities available for students, sometimes it may be necessary for students to be transported by other students who have a valid drivers license, auto insurance, and a vehicle, which is in good working order, and approved by parents and the ministry lead.

 - o We authorize the above named student to be transported to and from events via the method that the ministry lead has confirmed with us beforehand. We understand that if we do not authorize the above named student to be transported by other students, we may have to make other transportation arrangements, at our own risk, or the above named student may not be able to attend some youth events.

▪ We acknowledge that this is a youth oriented program, and understand that some risk may be involved with many activities or related transportation, and will not hold Knexions Church, its staff, or volunteers responsible for any personal injury that might occur to the above named student while participating in this program.

▪ We also understand that, unless we inform the Church in writing, the above named student can leave Student Ministries activities without parental or guardian supervision.

This consent and authorization is meant to cover most youth events, but it does not replace specific consent and authorization forms required for activities that involved significantly elevated risk or overnight trips.
